Tough Policy For Builders Set By Council

**The
Town Record**
By MONTE DAYTON

Sights to see: Five recreation department workers toiling most of this week to spade up the narrow parkway in the middle of Germany boulevard in Westlake.

Wonderers wonder why they don't plant something permanent there that would keep the weeds out to end this annual dig.

With the naming of WILLIAM WERDER as chairman of the San Mateo county board of supervisors recently, home-grown supervisor THOMAS CALLAN SR. remains the only member who has not headed the county board.

Speculation abounds on Dependable Don Mossi's salary for this year with the Cleveland Indians. Revealing wages by players is taboo but a little arithmetic might solve the problem.

Minimum salary last year would have been \$8,000. Inside information is that he doubled his salary, meaning that he's working for \$16,000 this year.

There's only one drawback. Did he get more than the minimum last year?

New instructress at Jefferson elementary school is MARIAN JORDAN.

Her husband, RICH, is a United Press staffer in SF and used to pal around San Jose State way with this writer.

A big blow-up in the Daly City Eagles Ladies Auxiliary is seen if the malicious gossip doesn't cease, this reporter learned.

Mortality rate in the organization is already high, according to sources.

GLORIA LORENZO, journalism student from SJS, is now undergoing her three-months internship period with this newspaper.

Revelations: When Westlake elementary school was completed sometime back workmen had to tear out 20 feet of plumbing. When they dug deep enough they found the problem: A carpenter had dropped a block plane in the works during a strike.

Ye old hog ranches on the Westmore High school property will be vacated tomorrow (Saturday).

Two days later the rat exterminators will move in and do their work.

A few days later the hog farms will be burned, marking another step in what appears to be the eventual "vanishing prairie" for the hog kingdom.

COUNCIL APPROVES PLANNING MATTERS

In matters involving planning Monday night the city council approved application of Mesak & Holm for re-subdivision Lots 40 through 49, Bella Vista Terrace.

Application of Gateway Chevrolet to install a parking lot on Alameda street was approved, with the stipulation that no buildings be allowed on the lot.

Rico Lagomarsino was granted a variance to construct four single family residences on Bepler street.

EAGLES WILL LAUNCH SEVEN FOOT BALLOONS FOR FREEDOM WEEK

Daly City Eagles will sponsor the launching of freedom balloons in a public ceremony, Saturday, February 12, Lincoln's birthday, to give national Freedom Week, February 12-22, a colorful local send-off. It was announced today by Frank Davidson, president of Colma Vista Grande Aerie, Fraternal Order of Eagles.

The program, featuring the ascension of 20 helium-inflated balloons dramatizing the Crusade for Freedom campaign for "Truth Dollars" for Radio Free Europe dur-

Builders who fail to fulfill commitments to the city of Daly City will not be allowed to carry on further transactions with the city until the obligations are carried out.

This was the essence of a stringent new policy approved by the city council Monday night to insure that builders and developers provide facilities which they have promised the city.

The measure was introduced by Councilman Micheal De Bernardi and was adopted unanimously.

The ruling was brought about after a six-months wrangle between Builders Thomas Callan Jr. and Rico Lagomarsino, over paving of Atlanta and Orange streets in southern Daly City. At present there are "half-streets" existing in the two areas. Lagomarsino has refused to pave half of Atlanta street on his property, while Callan has delayed paving his half of Hoffman street.

LOW BID ON ROOF FOR RESERVOIR IS DOWN \$7000

It pays to re-advertise for bids, councilmen concurred Monday night.

Ten contractors entered bids Monday for re-roofing Daly City reservoir No. 3. Low figure, submitted by John Q. Adams, was \$9617.

When the council opened bids for the project November 22 the low figure was \$16,676, or more than \$7000 above Monday's low bid. All proposals were rejected by the council, on recommendation of City Engineer Edwin Smith who said they were "far too high." His estimate for the job was \$13,500.

Monday night's bids ranged from Adams' \$9617 price to a high of \$16,549, forwarded by Pearson & Johnson.

Because each company had submitted two other alternate prices on the job, Smith ordered bids held over until next week, when the council will meet in an adjourned session.

Also held over were seven bids on improvement of Market street.

Low bidder was Fay Improvement Co. with a price of \$3393. Proposals ranged to a high of \$4185, entered by Charles L. Harney, Inc.

Smith's estimate for the improvement work was \$3150. Two bids submitted for supplying the city with a street flusher were also held over. Bidders were: George L. Avery, \$6234; and Western Traction Co., \$6349.

Hearing On Trailer Court Date Changed

Date for public hearing on the Smith Enterprises proposal to construct a 76-unit trailer court here was changed to February 21 by the city council Monday night.

Hugh Smith Sr., one of the instigators of the trailer court, said he would be unable to attend the hearing at the originally scheduled date, February 7.

The hearing will begin at 8 p.m.

Building Record At All Time High In '54; Doubles '53 Mark

Confirmation of Daly City's mushrooming growth came today from the office of George Hopman, building inspector. Reports show that the dollar value of building permits issued for December alone was \$1,541,361, as compared with the \$532,392 for the same month in 1953.

Permits for 1954 totaled dwelling values at \$9,979,720, those issued in 1953 totaled \$4,938,872. Eleven hundred ninety seven singles and multiple dwelling units were built in 1954, the year before five hundred ninety eight permits were applied for. Estimates for new homes completed in 1953 are 425, for 1954, 574.

WESTLAKE WELL BID OF \$12,600 GETS COUNCIL OK

Contract for installation of Westlake Well No. 2 was awarded by the city council Monday night to J. N. Pitcher Co. for \$12,600.

Their bid was low of two submitted. Only other bidder was Roscoe Moss Co., \$13,318.75.

City Engineer Edwin Smith's estimate for the job was \$13,500.

The well will provide water for reservoirs in the Westlake area.

Five bids for supplying pipe for the Westlake water line were held over by the council for further study.

Bids submitted included: Southern Pipe & Casing Co., \$2,101.60; Consolidated Western Steel, \$2,279.20; Pump Repair Service Co., \$2,378.06; Armo Drainage & Metal, \$1.49 per square foot; and

M. J. Clark To Assist Building Inspector

The city council appointed Maurice J. Clark to replace Patrick Healy as assistant building inspector Monday night. Healy declined his recent appointment to take a position with a private concern.

Clark, 55, of 37 Muirwood drive, will assume a civil service post which pays a starting salary of \$358 and ranges to a high of \$415.

The position was established to aid George Hopman, building inspector, in the checking of electrical and plumbing installations.

The city has been losing money in inspection fees because the job is too vast for one man, according to Dan Andersen, city administrator.

Clark's previous experience includes employment as a steam fitter, plumber, coppermith, gas fitter, pipe fitter and draftsman.

Digger Hospitalized After Fall Into Grave

A 64-year-old Daly City man was hospitalized yesterday (Thursday) morning at 10:30 a.m. after falling into a six-foot deep grave he was digging at Mt. Olivet cemetery in Colma.

Broadmoor police said the grave digger, Silvio Matteucci, 19 West Cavour, lost his footing while straddling the pit.

He was taken by ambulance to Junipero Serra hospital. Attendants there said approximately four of Matteucci's ribs were broken.

Ray Savage, Broadmoor police chief, said Matteucci had lain on his back about 10 minutes in the hole while awaiting aid.

LEAGUE OF CITIES ASKS DC TO PICK REPRESENTATIVE

The city council was called upon Monday night to name a representative to the executive committee of the peninsula division of the League of California Cities.

The request came in the form of a letter from Secretary-Treasurer Donald S. Moore, and asked that the appointment be made by January 20.

LAGOMARSINO AND CALLAN FEUD OVER VALLEY GARAGE

The Thomas Callan Jr. — Rico Lagomarsino feud flared anew at Monday night's council meeting over the topic of a garage being built on a vacant parcel of property next to 150 Valley street.

Callan charged that the garage being built on the property zoned for residential development.

"I called the city administrator a week ago and he said he'd get a formal opinion on this matter. Since that time the foundation has been put in," Callan said.

"What else does a citizen have to do to get action?"

City Administrator Dan Andersen answered that the building inspector had approved plans for the two car garage.

Callan countered by saying that the garage was going to be used for trucks.

Later in the proceedings it turned out that Lagomarsino was owner of the land where the garage was being built.

He said Callan's charges about use of the garage were "badly exaggerated."

Bickering between the two principals in the case prompted Mayor Joseph Verducci to cut the proceedings short, saying, "You people tend to delve into personalities. You berate each other and I feel this lowers the dignity of the council and the people when you keep bringing up these personal issues."

City Attorney Frank Blum was instructed to get a formal ruling on whether the residential land could be used for a garage.

FOUR FORFEIT BAIL ON DRUNK CHARGES

Four persons charged with being drunk each forfeited \$25 bail in municipal court Tuesday for failure to appear.

They were: Albin K. Anderson, 296 Los Banos avenue, Daly City, charged with being drunk at Mission street and San Jose avenue January 2; Robert Quevedo, 143 Belevedere, San Francisco, allegedly drunk at Hillcrest and Mission streets January 1; Henry Wilbur, 135 Sixth street, San Francisco, charged with being drunk at 75 Wellington January 2; and Albert Meyers, 302 Rockwood drive, South San Francisco, charged with being drunk at Hillcrest and Mission January 1.

Mission Street Resident Killed In Auto Accident

Police learned Monday by teletype that Harold Herbert, 35, of 6275 Mission street, husband of Hazel Herbert, was killed in a Santa Barbara automobile accident Sunday. No details were available.

Gunmen Hold Up Station Attendant

When a blond, pimple-faced youth and his two companions left a party Sunday morning they decided they wanted a few thrills. After leaving the party Ronald Payden, 19, of 98 Whitney street, S. F., Richard Elsa, 19, of 326 Cortland avenue, S. F., and a 17-year-old juvenile stole a '49 maroon Mercury, police said.

They drove into the Shell station at Alameda and Geneva and had told the attendant to hand over the cash when a customer scared them off police related.

According to the attendant, they returned later. He saw them coming and ran to the phone. Then, he reported, one of the boys fired a shot at him and missed.

The trio proceeded to the Standard Oil station, 7198 Mission, where they held up attendant Leroy Godrum, 130 Hearst avenue, S. F., at 12:45 a.m., police continued.

Waving a 45 automatic, the blond youngster demanded, "Give me the cash, I want the cash box and key."

They made off with \$54.10. After abandoning the car, they stole a Lincoln sedan in the Sunset district of San Francisco, police reported.

San Francisco police apprehended them. They were booked at the Ingleside station, charged with armed robbery, auto theft, and attempted murder. In a statement to the police, the 17-year-old said, "It was a chain of events started at the house party."

Charette Lists Parking Problems

In its study of parking problems, the Daly City parking authority has concluded that it is faced with many of the same situations confronting other rapidly growing communities such as South San Francisco, Burlingame and San Mateo, Ray Charette, chairman of the parking group, said today.

SPECIAL LEVY WOULD BRING \$15,000 A YEAR

At a joint meeting with the Jefferson Elementary School district board of trustees Wednesday night the Daly City council called on the board to levy a five cents tax per \$100 assessed valuation to be used for community recreation.

Mayor Joseph Verducci, speaking for the council, pointed to the fact that the 1954-55 city outlay for recreation was \$125,255, or 13.5 per cent of the total budget. He said there wasn't sufficient money to complete the community center and equip many playground areas because of other financial obligations.

He said aid from the school district would "ease" the recreation problem considerably.

Would Bring \$15,000
Based on the school district's \$30,371,000 assessed property valuation, the nickel tax boost would bring in annual revenue in excess of \$15,000. District superintendent H. Z. Weibel said the tax could be levied under what is known as the school "community service" law.

Verducci's second request for mutual aid from the district was for use of school facilities as playground sites.

The mayor said that such mutual use of facilities and finances was nothing new and that it was being practiced in hundreds of communities in the country.

Trustees Michael Callan said use of district money for city projects would pose a problem because of the unincorporated areas which would derive no benefit. Verducci answered that all of the money collected from the five cent rate would not have to be expended on projects within the city of Daly City.

On School Property
He pointed out that the law stated that all money spent from such a fund would have to be used on school property.

Board Chairman Helen Cheatham asked if the council was prepared to match all funds spent by the district, to which Verducci replied that the city would probably spend as much or more than the district on the development of school property for community recreation.

Weibel, stating that he didn't want to "throw cold water" on the plan, brought out the fact that organizations in unincorporated areas had made similar requests for use of school money from the "community service" tax levy.

The council agreed that these organizations should be invited to meet on the proposal along with the board and the city.

Name Committees
Committees were named from the council and the board and will meet at the earliest possible date to discuss the tax levy. If approved, the special nickel rate would go on the 1955-56 fiscal year.

In other action Wednesday the board:

1. Approved change order for Colma primary amounting to \$524 in additional costs to the district for black-top put on the area in place of lawn.

2. Heard from Architect Mario J. Ciampi who said there were some "difficulties" being encountered on the recently completed Olympia school. He said toilets were overflowing, some doors were not functioning correctly and that the dishwasher was installed incorrectly. He recommended, however, that the board pass resolution of acceptance of the project and the board agreed.

VEHICLE LOOTINGS... THIEVES AND BURGLARS KEEP POLICE FORCE BUSY

Police were busy last Thursday with car lootings, a home burglary, and a traffic jam resulting in the arrest of three juvenile car thieves.

The car lootings took place at Jefferson Union high school. Janitor George Fair, 248 Abbott street, told police that a camera, a pen, sunglasses and a duffle bag of children's clothing valued at \$92 was taken from his unlocked car. Strangely enough, the theft was accomplished while school personnel looked on. They thought the thief was a service station attendant returning a car, police said.

Another unlocked car in the school parking lot was an invitation to the thief. English teacher Mrs. Betty Holcomb, 867 Beechwood drive, reported a car blanket, pillow and sunglasses had been taken from her car.

A theft at the home of Mrs. Delores Buch, 251 Miriam street, took place at about 1:51 p.m., police said. Mrs. Buch reported that four women friends came in at that time and visited with her about 45 minutes. After they left she discovered that \$82 in cash and a \$117 government check, endorsed, was missing from her purse.

communist-dominated countries by the Crusade for Freedom, will carry a message from Aerie President Davidson, stressing the significance of the freedom campaign, and urging support of the radio project to strengthen the will of the populations in communist-gripped nations to resist their oppressors.

The balloons will also contain messages on the Crusade for Freedom, and one requesting the finder to inform his local newspaper of his discovery. Small envelopes are included for the mailing of "Truth Dollars."

The launching here will be one of hundreds carried on in other Eagle communities throughout the United States by Local Aeries, in cooperation with the American Heritage Foundation, sponsors of the Crusade for Freedom. The fraternal program is being directed by the national Freedom Committee of the Eagles, headed by Martin Mol, of Detroit, Michigan, chairman, who returned recently from an inspection of Radio Free Europe's transmitting facilities at Munich, Germany, in a tour of some 70 representatives of leading American organizations to view the program in operation. Messages of hope were beamed by Mol and other American representatives to the peoples of Poland, Czechoslovakia, Rumania and Hungary.

Invite Citizens

"We are inviting all citizens of Daly City to join in this important event," said Chairman Wilson. "From all accounts Radio Free Europe is doing a tremendous job in keeping alive the morale of the subjugated peoples. Their will to resist is an important factor in restraining the communists from further aggressions."

The ceremony will mark the second successive year that the Eagles have participated as sponsors of the balloon launchings. The balloons are capable of floating six or seven hundred miles. Last year, many of the balloons were reported found in various parts of the country.

A special launching of balloons to penetrate the Iron Curtain the same day, will be held by the Crusade for Freedom, in tribute to the Eagles, at the Iron Curtain, near the village of Freedom, in Bavaria, on the Czech border. The balloons will contain messages from Eagle leaders to keep up the morale of the communist-ruled peoples, and express the kinship of the free nations, with the captive populations.

street, S.F. aided police in the recovery of his station wagon and capture of three teenagers responsible for its disappearance Thursday.

Thompson reported the vehicle missing from in front of his home shortly after noon. An hour or so later, Daly City police said it was seen in the Jefferson high area.

All cars were alerted. At 2:30 p.m. a patrolman in a squad car saw three boys running away from an apparent auto tieup at Mission and Gambetta streets. Two of the three were turned over to police, Thompson had the other.

Thompson said he had taken a pickup truck to Daly City on business and had spotted the youths in his station wagon and forced the car to the curb. The youths, ages 15 and 16, from continuation high school, were turned over to San Francisco's youth authority.

Quiet Until Saturday
Gus A. Caridis, 1555 Sullivan avenue, Colma, was treated at Junipero Serra hospital Saturday for a fractured nose. He fell asleep at the wheel of the car and drove into a telephone pole, hospital attendants said.

Police received a call Saturday from a woman refusing to identify herself reporting that a woman was screaming for help on Skyline boulevard, near the Silver Saddle. An officer investigated but neither the woman caller nor the alleged lady in distress were around.

Dean O'Connor was back in jail again Tuesday for violation of a probation and a drunk charge. O'Connor was arrested on drunk charges three times in the past week at a tavern at 6955 Mission street.

Charette Lists Parking Problems

shopping centers dispersed over large areas make adequate public transportation impossible; consequently, more people are using their cars to shop or to reach the buses, he said.

Daly City is also faced with another situation. Being on the fringe of San Francisco an exceptionally large amount of cars enter the area.

To relieve some of the problems, the parking authority has divided Daly City into six districts. They will launch their study with the most congested locations—district 1, "The Top of the Hill" and district III, "Lower Mission."

Charette lists the following basic causes of the parking problem:

1. Lack of public parking space.
2. Inadequate business parking area.
3. Sleepers—cars parked in the same place too long a period by residents, merchants and employees without garage facilities.
4. Commuters parking cars in unrestricted parking area, i.e., side streets, thus reducing the space available for shoppers and home owners.
5. Lack of bus terminal facilities, buses are using public street areas for loading and unloading.

Check Charge Jury Trial Cancelled As Accused Absent

Scheduled jury trial for Howard Wilson, 2127 Junipero Serra boulevard, on charges of petty theft, was called off Tuesday when the defendant failed to show for the municipal court proceedings.

Wilson was named by L. & J. Transport Co. and Lillian and Gibson Burke as the man who passed a \$200 fictitious check with them in July.

Judge Thomas L. Bocci ordered the alleged check artist's \$100 bail forfeited and issued a bench warrant for his arrest, re-setting bail at \$500 cash, \$1000 bond.

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello Neighbors:
Here we are into the second week of January and if the weather man has not frozen us to death, he has tried drowning us instead. This still hasn't kept the folks from going places and doing things, so here's what has happened since last week.

First of all the ladies of our town will be most happy to hear that LYNN BOSKEY is now home from the hospital. She parted with that pesky appendix by way of celebrating New Year's Eve. It will still be a few weeks before she will be able to take care of us and will only be able to work about four hours a day at first. Line forms to the right gals.

Having a birthday last week, and she's not saying which one it is, was MRS. DOROTHEA BRUSH of Niantic avenue. There were visits from family and congratulating friends. The most excited of all was daughter JANET who loves to open presents even if they're not for her.

Items of Interest
Friends and neighbors in the Knowles-Santa Barbara area who were saddened just before Christmas to hear of the passing of MR. JEROME DILLON, have further reason for concern this week. Their friend and neighbor of many years, MRS. DILLON has been in the hospital for the past week. All who have known Mrs. Dillon over the years are wishing her a most speedy recovery.

The MOTHER'S CLUB of L.P.H. school are having their monthly meeting in the Parish Hall tonight (Friday). You don't have to have a child in school there or even be a mother for that fact to come and meet some of the neighbors. This group of ladies, headed by MRS. CATHERINE RICCI, their president, invite one and all to come on out Friday night.

Two very disappointed boys last Sunday were RONNIE STURM and IRVING CLEEN. They, with MR. and MRS. STURM had planned a trip to Mt. Tamalpais. Why the disappointment? Well, the weatherman decided we should have a downpour that day. The boys hope next week will be better, as they want to look over a sight for fun and excitement. Just have to send a verbal orchid from the folks in the Knowles and Santa Barbara area to the men of the CO. 2 FIRE DEPT.

As many know, that is a school crossing and twice last week it was observed with what care the boys on Santa Barbara and down Knowles. Both times it was after school and the streets were full of youngsters of all sizes. Thanks a lot fellows from the parents of your children and mine.

The work of many weeks culminated in honors for many boys and girls. Practically all of the boys in the newly formed BOY SCOUT TROOP NO. 243 of O.L.P.H. were presented at their last meeting with their tenderfoot badges. Their Scoutmaster, MR. HETTEL, made the awards to the deserving boys and encouraged them to keep on working toward their second class awards. Congratulations from all the folks to all the boys and also to their leaders, without whom none of this could be accomplished.

All the many friends and neighbors of MRS. AGNES FLAHERTY of Knowles avenue are very sorry to hear that she is in St. Joseph's Hospital. Knowing "Aunt Agnes" is indomitable Irish spirit, we know she'll be back among us soon. Get well "Aunt Agnes," we miss you. Back home on Los Banos avenue for awhile are our neighbors MR. and MRS. JOSEPH LARSON. They were going to spend the winter at their home in Boulder Creek, but there was just too much cold and above all, too much rain. Seems like when it rains in Boulder Creek it's like standing under a shower going full blast for hours. It's actually been known to rain eight inches in twenty-four hours. That's OK Joe-you and Grandma Larson will have all summer to enjoy the country. We're glad to see you home.

Servicemen
Heard from the Marine Corps this week. P.F.C. JIM MINOR, who is at the present stationed in Korea, writes that the football team representing the 5th Marine Division has won the championship in football, and they have been proudly presented with a beautiful trophy in honor of their achievements.

One of the most popular young fellows in the service of the U. S. Army will be missed by his pals for awhile. PVT. JAMES J. JASTRUMSKI of Los Olivos avenue left us Thursday, January 13, for a six months tour of duty in Nevada. He is going to have quite an interesting occupation and he'll have lots to tell us when he returns.

Just about through with that form of medieval torture called basic is A/B JOSEPH LEWKO WITZ, JR. Joe will soon know just where the U. S. Air Force will send him for future training. Of course, he will have a few days home to say hello and goodbye to all his friends. Good luck, Joe, in your future duty.

Leaving his old base in Seoul, Korea, for a new one in Timossi last week was A 1/c RICHARD PHELPS. Dick hasn't too much more time to serve overseas so where he is and where he spends the next freezing months of Korean winter doesn't make too much difference to him. He should be in the States in three months, and that is the all important item in his future.

Another family is separating, but this time it is only temporary. CAPT. JACK BALLETINE of

87th street has received his orders to report for duty in Europe. He will leave first and as soon as possible, his family are to follow him. While the folks in the 87th street area are sorry to see them both go, they are most glad they will be spending the next few years together and hope to hear from them often.

A 3/c ERIC J. MOORE of the U. S. Air Force has a new address and hopes lots of the folks who are sorry to see him go will write him. 3/c Eric J. Moore, Box 241—3575th St. Sq., Vance Air Force Base, Enid, Oklahoma.

News and Views
The Gals of the JUNIOR CLASS at JEFF are in a tizzy and their mothers are ready for a nervous breakdown. The reason being the annual Junior Prom and, of course, each and every gal has to have just the right formal for the occasion, which is tonight (Friday). The boys, of course, only have to think of shined shoes, white shirts, which they wear will strangle them before the evening is over, and just which corsage will go with his girl's formal.

The most hilarious form of entertainment offered us this week was the donkey basketball game between the faculty of Jeff Hi and

the Lions Club. The teenagers who attended really enjoyed seeing some of their most dignified teachers in such comical situations. Those who missed this game really missed a night of laughs and one most surely to be remembered.

Last night we were treated to the third amateur boxing show at the Community Center. These shows are sponsored by the MEN'S CLUB of O.L.P.H. Parish and are better each time. We all hope they continue and are looking forward to future shows.

Some people like sunshine but there are some who really like rain. Seems that's the best kind of weather for duck hunting. Two of the most intrepid of hunters and two who seem to be lucky most, if not all of the time, are LOUIS COOPER of Winchester street and GENE SUPANICH. They got their ducks down during the season and now the ducks don't seem to have much chance. Wonder what will happen during fishing season.

Well, folks, this just about does it for this week. Keep the phone, which is PL. 5-6482, ringing, and I'll have another column for you next week. In the meantime, I'll say "bye now, it's been good hearing from so very many of you.

Village Notes

By Gwin Mitchell

Now is the time known as After the Holidays, when all the Christmas things have to be put away, the tree chopped up for kindling and pieces of candy cane swept out of corners. All the things which have been put off until "after New Year's" are now catching up with people, and a grand period of housecleaning, housecleaning and organizational projects has begun.

Biggest neighborhood celebrations we heard of were the dual Christmas-New Year's parties co-hosted by the Vince Cauchis and the Don Childers in the Children's rumpus room. About 30 people from the Ellis-Wildwood area attended each party and had them selves a fine time.

Donna and Billy Solem, once residents of Maddux drive and students at our schools, came up to visit the Ray Meades over the New Year weekend, a special delight for little Cathy Lou Meade.

Unfortunately for the Martin Orluffs of Stewart avenue, their car broke down on the way up to Red Bluff to visit Meredith's family. With some long-distance family taxi service, they made it, to enjoy a belated Christmas and to see the son Richard try at making snowman on an excursion to snow country.

The Bill Stockslagers welcomed Pat's mother, Mrs. Shirley Harris, to their home on Ellis for the holidays. Mrs. Harris came down from Idaho, where the winters are really something.

Wonder who had the most fun at the potluck dinner at the Presbyterian church on New Year's Eve when everybody got to singing "The Twelve Days of Christmas?" Each table sang a different verse, and the interpretations were marvelous to hear!

The work is at it again... and Washington street was the target. First to arrive was Douglas William Subke on December 29, the 9-lb. pride of Walt, Barbara, sister Susan and brother David. And not far behind came Stephen Richard Rege, who arrived on January 2 to the delight of brother Michael and parents Dot and Ray. Weight? 6 lbs., 1 oz.

Another neighborhood party rang in the New Year on Maddux drive. The Jack Baumgartners hosted for the Vern Boxes, John Mitchells, Ash Helmers, Ray Madades and Guy and Ruth Perkins, who now live in San Francisco and came back to the old neighborhood for a gay evening.

Hear tell the Eagleton family on Nimitz got a brand new station wagon for Christmas. Wonder how S. Claus got that down the chimney? Anyway, here's hoping they have a wonderful New Year with it, going places and seeing friends.

Jim and Helen Mackintosh had a special January 1... it was their wedding anniversary! A family celebration at their Washington street home included Miss Lamar Powell and Edith and Joe War-noth from Louvaine. Edith is Jim's sister.

Two other families who headed north recently for holiday fun were the LeRoy Kruegers, who exchanged Louvaine drive for Grass Valley, and the Larry Green family, who came back to Manila way from a visit to an icy Placerville. Larry taught the children how to play for gold; haven't heard which member of the family did best.

Capt. Dorothy Neilson of the WAC, a former Broadmoor resident, returned recently on leave from a tour of duty in Japan. She now makes her home in Kentfield.

Are you a badminton friend? If you like to play, and even if you haven't played for a number of years, call Molly Phillips at PL. 5-4711. She and Marguerite Walker, Fleta Lagorai, Cece Greening and Fred Sherman go up to Jeff High gym every Wednesday night to give the shuttlecock a workout, and are looking for team

Sale Of Children's Books Up 100%, Westlake PTA Told

Sale of children's books has increased 100 per cent in the last six years, according to Mrs. Naomi Knight, assistant children's librarian for San Mateo county. Parents attending the January 6 meeting of the Westlake PTA also learned that television has tended to stimulate interest in books, both for information and pleasure. Mrs. Knight stated that, "reading children come from homes where there are reading parents. Sharing of the printed word is one facet of family life leading to the sharing of ideas and thought. The avid reader will reach a point of discrimination by himself but the child who reads but two or three books a year should be guided in choice of reading material."

Ways and Means Chairman. Mrs. James Moses, announced that a paper drive is to be held on January 22 and 23. Covered trailers will be parked at three locations in Westlake, on Lake Vista avenue between Fieldcrest and Westlawn, on Northgate where Eastgate drive joins it, and at the rear of the Westlake shopping center where Bel Mar comes into Park Plaza drive. Mrs. Moses stressed the fact that all money above the PTA budget this year will be used to purchase books for the Daly City library annex. Support of the paper drive will mean more support to the trailers should be secured. No magazines and no

replacements, as some of the original members have to drop out. Why not give it a try? Another holiday party, of a different sort, was the jewelry party given by Kay Mattson the last week of December at her home on Midway. Present to enjoy a look at possible post-Christmas presents were Marion Fish, Pat Mattson, Ilene Locke, Katy Drouillard, Alice Travinsky, Anna Petersen, Betty Schmidt and Dorothy Swoverland.

Happy birthday to Tommy Nye, over on Heather. January 4 meant a very special day for Ricky and Gail Bodmer, Lynn Noll, Kenny Guyman and Gary Steele, who helped Tommy share his birthday cake after blowing out four candles.

News from Midway tells us that Cindy Ann Travinsky is home after five days in the hospital with a bad case of flu. Everybody is glad she's back... too bad it had to happen during Christmas vacation. Keep well, Cindy.

Full house for the Harvey Zaitz family on Nimitz! Helping to make the New Year's debut a happy one were Mr. and Mrs. Bill Fowler, Mr. Lyle Fowler and Mr. and Mrs. Rufus Sweeney, all of Tuolumne.

If you have missed the traveling fruit-and-vegetable man, Glenn Freese, over the last couple of weeks, it's because he was home with a very bad case of flu. He says he lost 30 some pounds, but is feeling well again and is back on the job.

We thought it might be a good idea to have a sort of check-list calendar at the end of each column, giving Broadmoor and Garden Village group meetings, projects, etc., for the week following. Regular monthly meetings can be carried as a matter of course. Should there be changes or omissions of these, or special meetings and projects, call PL. 5-0679, or give me a call to include them. Please call me later than two Fridays before the week in which the event is scheduled. Deadlines!

Varieties of '55 presented annually by the students at City College of San Francisco will take place on Thursday at 8:30 p.m. and Friday at 9:00 p.m., January 20 and 21 in the west campus auditorium.

Featured in the 11-act satirical show will be an entire sequence devoted to show business through the years. A vaudeville bit, a soft-shoe, and a Helen Kane number will be included in the program. Although the emphasis is on comedy, Shakespeare will take a prominent place in the production.

Months of planning and rehearsal have gone into the all-student production. Student directors Pete Garrett and Frank Anderson are attempting to maintain the show on a professional level. Garrett is a Canadian entertainer who had made numerous nightclub appearances in that country.

The production staff under the guidance of Jann Palmer and Dick Moore have concentrated on presenting talent rather than elaborate sets and costumes.

Michael Griffin, drama instructor at the college is the faculty advisor for the show and has high hopes for a very successful Varieties of '55.

THWART JAIL BREAK

Youth Apprehended With Hack Saw, Blades

A planned break-out at Hillcrest juvenile home in San Mateo last week was squelched when the young "outsider" collaborator was caught by Broadmoor police after abandoning a stolen car on Edgemoor road.

Broadmoor Police Chief Ray Savage related the following story: Thursday at 7:10 p.m. Mayor Mr. Donald, 516 87th street, Broadmoor, daughter of County Supervisor Thomas J. Callan of 200 Washington street, Colma, parked her automobile at the home of her father. One half hour later she discovered the car missing.

She alerted Broadmoor police. An hour later Savage, along with reserve officer Donald Fagundes, spotted the car on Edgemoor road near Sullivan street.

As they approached the vehicle their headlights picked up a figure walking away from the scene. They apprehended the thief, who proved to be a 15-year-old Jefferson High school youth from Daly City, who admitted stealing the car.

He had with him a shopping bag containing a hack saw, blades and other tools.

He told officers he was on his way to Hillcrest juvenile home to help a friend of his escape. The friend was identified as a 16-year-old Daly City youngster who is doing time for auto theft.

Savage delivered the 15-year-old to Hillcrest home. On arrival there they learned Hillcrest authorities had already been tipped off on the attempted break. Father of the youth who stole the McDonald vehicle had called Daly City police that his son was missing. He told officers his friend at Hillcrest. Daly City police notified Hillcrest authorities.

Savage said the juvenile picked up here Thursday has a long record of previous offenses. He is being held at Hillcrest pending trial.

The McDonald auto was not damaged, Savage reported.

Parkmerced Boy Is One Of Youngest To Gain Eagle Rank

Daly City Scout units will join the rest of the Merced district in holding their quarterly District Court of Honor in the auditorium of Aptos Junior High school Friday evening, January 21, at 7:45 p.m., according to announcement by Dr. J. E. Rathbun, 468 Hazelwood avenue, district advancement chairman.

Highlight of the presentations will be the awarding of his Eagle Scout badge to 12-year-old Donald C. Bryant, junior, senior patrol leader of Troop 340, which meets at Commodore Sloat school in San Francisco. The candidate is one of the youngest ever to receive Scouting's highest award, the chairman reports. Donald is the son of Mr. and Mrs. D. C. Bryant, who reside in Park Merced. Mr. Bryant is Scoutmaster of Troop 340.

Among other high Scouting awards to be presented are several Star and Life badges, with additional awards to be certified by the district's board of review this Friday night at their meeting at Hillcrest Terrace. Those already certified for recognition include: for State Scout—Bill Fine, troop 40, sponsored by Golden Gate Post of the American Legion; Neil Park, Fred Volmer, from Forest Hill association, troop 88; Larry Lano, Tommy Ashton, and Bradley Civiello, all from troop 92, sponsored by the Balboa Ward of the Latter Day Saints church; and James L. Welsh and Peter Matthews of St. Francis Episcopal church's troop 98; for Life Scout, second highest award in boy scouting, William Lytle and Leslie Levi, from Explorer Post 50, sponsored by Pilgrim Congregational church; and Arthur Park, from the Forest Hill troop 88.

Features of the January 21 program, open to the public, include presentation of a new bugle to the troop having the best percentage of participation in the court of honor, and demonstrations by several troops of games to be conducted in the Scout Week rally in February. Among those participating in these demonstrations will be the Westlake Troop 248. Daly City residents are invited to attend the court of honor ceremony, Dr. Rathbun said today.

Savage said the juvenile picked up here Thursday has a long record of previous offenses. He is being held at Hillcrest pending trial.

Motorist involved in a smash-up with a Daly City police vehicle November 10 on Junipero Serra boulevard and near Sloat street has filed a claim for \$308.47 against the city of Daly City.

The city council denied the claim and referred it to City Attorney Frank Blum.

COASTSIDE COMMUNITY OF LINDA MAR REJECTS INCORPORATION PROPOSAL

Voters of the coastside community of Linda Mar decisively rejected a proposal to become San Mateo county's 14th city Tuesday, registering 573 votes against 289 for incorporation. The measure required a simple majority to pass.

The turnout of 872 constituted more than 90 per cent of the community's 947 registered voters, indicating the intense interest that was focused on the incorporation issue.

The race among 17 candidates for five council positions had no meaning because of the incorporation issue's failure. Gino Ottomello garnered the highest total, 317, followed by Nick Gust, 240.

Pre-election activity was replete with fiery oratory, torn down signs and an eleven one instance of assault and battery.

Because of violent outbreaks in the past few weeks, extra deputies were assigned to the Linda Mar area by County Clerk John Bruning. Election at the three polling places, Sanchez Adobe, McKnight residence and Lovely residence went off without incident, however.

Officer Baxley's starting salary is \$15 per month, and he will serve a one-year probationary period on the force.

He is married and has two daughters. A native of Colma, Baxley attended local elementary schools and Jefferson High school. He is a Navy veteran and has been employed as a Jefferson Elementary School district bus driver.

He has also served with the Broadmoor police reserves.

Appointment of a Sgt. to replace Tannehill has not been made as yet, Chief Ray Savage said. However, Officer Gale Galusha is considered next in line for this job.

These plans are the results of months of study by the members of the Parking Authority who were guided by the Daly City Chamber of Commerce's survey which was made two years ago.

The Parking Authority is being assisted in the developing of these plans by a special coordinating committee recently appointed by Mayor Joe Verducci. This committee is made up of the following members:

Edward Dennis, Councilman; Tony Ricci, Police Commissioner; George Pingry, Planning Commission; George Hopman, Building Inspector; Ray Charette, Parking Authority.

Members of the Parking Authority who have been studying these plans are Ray Charette, Chairman, Walter Rectori, Harold Holman, Sadie Cardellini and Tom Stanghellini.

Westlake Camera Club Hears Talk On Use Of Filters

"Filters and filter factors" was the topic developed at length by Byrne Davis at last week's meeting of the Westlake Camera club.

Davis explained how through the use of filters many different effects of the same scene can be reproduced on film.

In all, Davis covered every aspect of filter use in a very interesting and educational talk, according to club president John Kilday.

At next Monday's meeting another club member, Don Fisher, will speak on use of the electronic flash. Fisher is an expert in this field and it promises to be another interesting evening, Kilday said.

CHILDREN try out the play facilities Monday at their first regular session at the \$218,050 Olympia school. Pictured in the left foreground is the detached kindergarten section. 329 CHILDREN MOVE TO NEW SCHOOL HOUSE

Three hundred twenty-nine Daly City children sat down at their shiny, new desks in a shiny, new school building Monday morning when Olympia school began its first regular session on Northgate avenue.

The youngsters, from kindergarten through fourth grade, had met as usual at the Westlake elementary school Friday for double sessions. From there they set out with their 10 teachers to the \$218,050 concrete school of their own.

This was the largest double to single session movement on a primary level in this area, according to Miss Margaret Tobias, principal.

By Monday morning, the children were settled, arithmetic and reading books were out, while in the detached kindergarten the younger ones painted, modeled clay and became acquainted with play facilities.

Olympia is modernistic, employing gray-colored concrete blocks and reinforced glass walls with backgrounds in soft greens, blues and reds.

An innovation included by Mario J. Clampi, architect, is the "lift-slab" process of roofing, used for the first time in a Northern California school. Besides being sturdier, less maintenance work is required in this process. Several port-hole type openings in the roof overhanging section allow even more sunlight to pass through the glass and concrete walls.

The kindergarten children have their own play yard and facilities while older children have a large room yard on the north side of the school. In addition to landscaping, future plans call for a mural to be painted in the courtyard, adding to an already bright and cheerful atmosphere.

There are eleven classrooms and ten teachers at Olympia, the three kindergarten sections are under the supervision of two teachers. The multi-use room, divided by a partition, contains the first graders, in two groups.

The Olympia children will not be brought to school by bus as they all live within 3 1/2 miles of the school, Miss Tobias said.

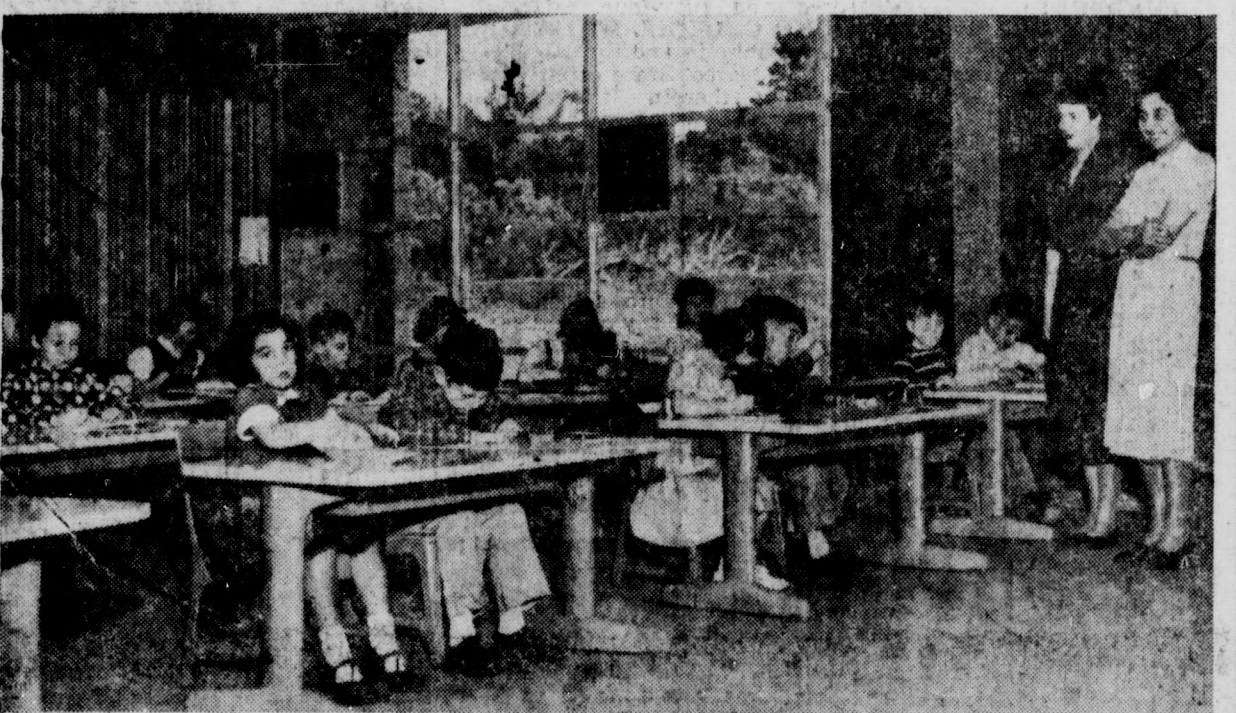

Olympia was started under the trusteeships of Helen M. Cheatham, chairman; Michael C. Callan, clerk; and Andrew Van Der Werff, Vance M. Brown & Sons were the contractors.

Crocker Students Tell About School

Activities at Crocker school are related in articles written by the fourth and fifth graders.

"Our class is very busy during the holidays. We are writing about Abraham Lincoln and George Washington. Our whole class is going to the library to get books and poems about both these Presidents. Written by student Susanne Shalit, fourth grade.

"The children in room one have returned from their Christmas holidays rested and ready to start work on several projects. As it is our turn to help decorate the hall, we have been reading about George Washington and Abraham Lincoln and have decided to make several pictures of these famous men. We have started work on our clay modeling of ashtrays and dishes and hope to have our work fired next week.

TEACHER Marilyn Thompson, left, and Principal Margaret Tobias, right, look on as first graders begin studies Monday in their new school on Northgate avenue. These children are in one of the two sections of the multi-use room where the first grade classes are being held. THE RECORD photo

Post Office Will Give Promotion Examinations

The Post Office department today announced the mailing of approximately 60,000 "Study Suggestions" pamphlets for use by qualified postal employees in preparing for examinations for future promotions to supervisory positions. Examinations are scheduled on January 22 and February 12 for employees of the Postal Transportation Service and on February 26 for Post Office employees.

Examinations will be given in 208 post offices having 100 or more employees and in 133 organizations of the Postal Transportation Service having 50 or more employees. Results will be graded by the Civil Service Commission. Those who will take the examination have previously filed applications of intent and the "Study Suggestions" booklet was sent to them for study and review purpose.

Based on the results of the examination, the Civil Service Commission will set up 298 individual registers in post offices. After July 1, names for promotions to foremen and clerks-in-charge, where vacancies exist, will be taken from these registers. The registers now in use in post offices will expire on June 30.

Since this is the first series of examinations of this type to be given to employees of the Postal Transportation Service, there are now no registers in use. It is expected that the transition to the new method of promotion through examination will benefit this service to a great extent, according to Arthur E. Summerfield, postmaster general.

Bazaar To Celebrate Chinese New Year

Buddha's Universal church, 720 Washington street, San Francisco, will celebrate the Chinese New Year with a 10-day bazaar beginning January 21 at 7 p.m., according to Dr. Paul Fung, spokesman.

The third annual bazaar will run until midnight January 30 and will be held in the partially completed church building. The 30 booths will vend soft drinks, food and games of chance. A feature for the children will be a merry-go-round and 500 free balloons. An added attraction this year is a boat ride in a 26 foot tank.

Volunteers from the College of Pacific graduating class, headed by Dean Allan Watts, will be in charge of a booth operated by the American Academy of Asian Studies.

A 1955 Ford sedan will be given as a door prize. Tickets are on sale at the church, the drawing will be held on January 30.

Dr. Fung invites the public to attend and wishes them "Kung Hay Fat Choy". A Happy and Prosperous New Year.

Westlake Baptist Groundbreaking Is Delayed Few Weeks

Ground breaking ceremonies of the Westlake Community Baptist church have been delayed for several weeks due to several minor changes and revision of the first unit to be erected, Pastor Roy Milam said today.

The first unit consists of a chapel unit, seating nearly 250, which also includes a social hall and kitchen on the ground floor, Milam said.

Removal of fill and grading operations will start immediately to excavate portions of the building site necessary for the first unit, according to the Pastor.

The church is meeting at present on the second floor of the new Westlake-Medical-Dental building, 48 Park Plaza. "The church is very grateful to Henry Doelger, who has provided both the Catholic and Baptist church with temporary worship facilities on the second floor of the Medical building. Mr. Doelger has set an example of cooperation that other communities could readily emulate," Milam said.

Prof. Caleb Lundquist, minister of music, directs the adult choir, and has set a high standard of sacred music comparable to the largest churches in the west bay area, the Rev. Milam declared.

Nineteen new members have been welcomed into the church during the past 12 weeks. Milam said the membership in both the church and Sunday school has made outstanding growth since moving back into Westlake and moved it's regular Sunday and Wednesday worship services. Only since October of last year has a suitable place been provided for the church to conduct the regular Sunday worship services, he pointed out. Heretofore, the church used Olivet Memorial Park's Abbey Chapel for services, which covered a period of almost three and one half years.

New members welcomed into the church are as follows: Mr. and Mrs. I. Peters, Mrs. Robert Finsterbusch, Mrs. Effie Richardson, Mr. and Mrs. Ross, Mrs. Mildred Youngs, Mrs. Muccia, Mrs. Spitzer, Mr. and Mrs. Donald Brown, Mr. and Mrs. Ted Weyn, Captain Velma Richardson, USMC, Mrs. Claude Davis and Mr. Mrs. Jim Crittenden.

The children's choir is now preparing an Easter cantata, and as usual the adult choir is already preparing for an outstanding Easter program of sacred music, Milam concluded.

Coastsiders Will Aid Salvation Army's Fund March

Coastsiders leaders who will take part in the fund-raising march for the Salvation Army in February are Ray T. Higgins, John S. Quist and Mrs. Harry Ude of Sharp Park. According to a release by the Salvation Army, this is the first all-volunteer fund raising campaign ever conducted in San Mateo county.

The Salvation Army receives no funds from the United Crusade and in the past has depended upon paid solicitors to collect the funds needed to carry on its work.

Ten volunteer service committees in the county supervise expenditure of the funds that go to aid needy children with medical and mental care, provide emergency housing, at times transportation, plus other vital community services. A portion of the money raised will go to aid in the support of the Army's Lytton Home and School and Booth Memorial Hospitals.

The Lytton Home and School, located three miles north of Healdsburg, is starting its second half-century of operation this year and has sheltered over 11,000 California youngsters. Several boys and girls from San Mateo County are attending Lytton today.

Three Booth Memorial Hospitals for unfortunates are located in California, one in Oakland and one each in Los Angeles and San Diego.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read II Corinthians 4:13-18. Love never faileth. (I Corinthians 13:8. ASV.)

It is said that when the great Central church in Honolulu was under construction, the architect said to the pastor, "There is to be an inscription on the pulpit stand. It must have eighteen letters and spaces. We want you to select that inscription."

He knew that an inscription suitable for the pulpit stand would have to carry a message for the various experiences that come to the members of the family. He knew it should be suitable for Holy Communion, for funerals and weddings, for penitents and for those who would come to worship. After considerable prayer and effort, the pastor finally selected, "Love Never Faileth."

Love may seem slow and may seem to fail. It seems to have

failed with Jesus, with Stephen and Paul, and with thousands of others. But has it failed? History gives testimony to the fact that, given time, it will succeed. It is the persistence of love as manifested in Jesus and others that causes us to respond today. Love may seem to be the long way around, but it is the only way.

PRAYER
Our Father, we thank Thee for Thy love shed abroad in the world through Thy Son, Jesus Christ. If we know our hearts, today we love Thee, but only because Thou didst love us first. Help us, O God, not only to love Thee, but to prove our love for Thee by loving our fellow men. Amen.

THOUGHT FOR THE DAY
Love may seem to be the long way around, but it is the only way. O. Kyle Lamb (Arkansas)

THWART JAIL BREAK

Youth Apprehended With Hack Saw, Blades

A planned break-out at Hillcrest juvenile home in San Mateo last week was squelched when the young "outsider" collaborator was caught by Broadmoor police after abandoning a stolen car on Edgemoor road.

Broadmoor Police Chief Ray Savage related the following story: Thursday at 7:10 p.m. Mayor Donald, 516 87th street, Broadmoor, daughter of County Supervisor Thomas J. Callan of 200 Washington street, Colma, parked her automobile at the home of her father. One half hour later she discovered the car missing.

She alerted Broadmoor police. An hour later Savage, along with reserve officer Donald Fagundes, spotted the car on Edgemoor road near Sullivan street.

As they approached the vehicle their headlights picked up a figure walking away from the scene. They apprehended the thief, who proved to be a 15-year-old Jefferson High school youth from Daly City, who admitted stealing the car.

He had with him a shopping bag containing a hack saw, blades and other tools.

He told officers he was on his way to Hillcrest juvenile home to help a friend of his escape. The friend was identified as a 16-year-old Daly City youngster who is doing time for auto theft. Savage delivered the 15-year-old to Hillcrest home. On arrival there they learned Hillcrest authorities had already been tipped off on the attempted break. Father of the youth who stole the McDonald vehicle had been tipped off on the attempted break. Father of the youth who stole the McDonald vehicle had been tipped off on the attempted break.

Savage said the juvenile picked up there Thursday has a long record of previous offenses. He is being held at Hillcrest pending trial. The McDonald auto was not damaged, Savage reported.

COASTSIDE COMMUNITY OF LINDA MAR REJECTS INCORPORATION PROPOSAL

Voters of the coastside community of Linda Mar decisively rejected a proposal to become San Mateo county's 14th city Tuesday, registering 573 votes against 289 for incorporation.

The measure required a simple majority to pass. The turnout of 473 constituted more than 90 per cent of the community's 947 registered voters, indicating the intense interest that was focused on the incorporation issue.

The race among 17 candidates for five council positions had no meaning because of the incorporation issue's failure. Gino Ottonello garnered the highest total, 317, followed by Nick Gust, 240.

Pre-election activity was replete with fiery oratory, torn down signs and an eleven instance of assault and battery.

Because of violent outbreaks in the past few weeks, extra deputies were assigned to the Linda Mar area by County Clerk John Bruning. Election at the three polling places, Sanchez Adobe, McKnight residence and Lovely residence went off without incident, however.

Highlight of the presentations will be the awarding of his Eagle Scout badge to 12-year-old Donald C. Bryant Junior, senior patrol leader of Troop 340, which meets at Commodore Sloat school in San Francisco. The candidate is one of the youngest ever to receive Scouting's highest award, the chairman reports. Donald is the son of Mr. and Mrs. C. Bryant, who reside in Park Merced. COLMA REBELS HIT 30-POINT QUARTER TO WALLOP BRISBANE; SHARP PARK FIVE STILL DOMINATES "B" DIVISION

Colma Rebels and Sharp Park continued to dominate their respective divisions of the Daly City Recreation Basketball league, as play resumed Saturday at the local community center.

Saturday's 50-16 smothering of a mis-matched Brisbane club gave the Rebels a 3-0 mark in "A" division play and established them as a near shoe-in for the title.

The contest started slow and was tied 4-4 at first quarter's end. In the second session, however, the Rebels held Brisbane to a scant field goal, while they were amassing a whopping 30 points for themselves, believed to be the largest total ever scored here in one quarter by a grammar school recreation club.

The record output hallooed the Rebels lead to 34-6 at half-time.

Better Showing

Rest of the game was only a formality of time, with Brisbane making a little better showing for themselves behind the 10-point efforts of John Galten.

Leading Colma's big second quarter was Ron Kalinin, who connected for 12 points. He had a total of 18 for the day to finish as high individual scorer. Close behind was Don Burley with 12 points for the game, followed by John Featherstone, hitting eight markers.

Sharp Park "A's" are still a team to be reckoned with, as they proved Saturday with a 39-11 rout over OLPH. The contenders now have two wins, no losses.

Display Speed

The Sharp Park quintet displayed speed in humbling the Perpetual Help club. Bob Twitty hit 10 points to pace the team, followed by Al Shook, eight, Don Moreland, seven, and Ed Garupp, six. For OLPH it was Tim Curtin getting more than one half his team's total as he hung through six tallies.

Westlake Globetrotters drew a bye Saturday. Winless to date, the "trotters" will face another victory hungry team this Saturday in the OLPH gang. Both clubs have 0-2 marks.

In probably the lightest scoring second half on record at the community center, Sharp Park continued to outclass all available competition in the "B" circuit as they edged Brisbane, 14-1. The win gave the coastside lightweights a 3-0 record.

Lead First Quarter

Sharp Park played the champion role in the first quarter, sprinting to a 10-4 lead. From there on out the official scorekeeper was given nearly uninterrupted relaxation.

Coldwell Hits 8

Henry Coldwell led the Sharp Park attack with eight, and Pat English and Wayne Kepich added a point apiece for the remainder of the first quarter total.

Brisbane's John With made the only dent noticeable in the scoreboard in the second quarter, hitting for six points. At half-time Sharp Park was lucky to emerge with a 12-10 advantage.

In the last half Sharp Park potted one loan field goal, while Brisbane's efforts were even more dismal as they could notch only a single point on a free throw by Galten, for a combined total of three points in the entire half.

Holy Angels Wins

An improved Holy Angels five made it two in a row as they set back the Broadmoor Royals, 19-16.

The Holy Angels gang gained the necessary margin in the first quarter as they meshed six points, holding the Broadmoor quintet scoreless. From here on out the teams matched buckets.

Downey paced Holy Angels with eight points, trailed by Al Perata and Bill McHugh, with five and four points, respectively.

The second Broadmoor "B" entry, the Cardinals, also suffered defeat, coincidentally, by an identical 19-16 score. Winners were the OLPH casabamen, led by Bill Whalen's 14 points. Whalen's floor play was also a deciding factor in the OLPH victory. Jim Heck rolled up eight points for the winners, while Dick Mueller and Joe Parker contributed four apiece.

B'MOOR YOUTH LEAGUE OPENS AT HIGH SCHOOL

Broadmoor's Youth Basketball league opened at the Jefferson High school gym last night (Thursday) with four teams seeing action.

The four clubs, Bobcats, Hawks, Wildcats and Demons, will vie in a seven-week round robin competition, with the two topclubs squaring off in the finals. Medals will go to boys on the championship team.

The league is for boys 12 years of age and under. Each team will have a roster of seven players. Coaches include: Hawks, Everett Heck, Bobcats, Bud Christman; Wildcats, Bill Souza; Demons, Art Dougherty. Christman is athletic director for the Broadmoor Youth association, sponsors of the newly-formed cage league.

Games will be 32 minutes long, with eight-minute quarters. The new "one and one" foul shot rule will not be used.

Members of the Youth association will volunteer their services as officials.

Last night's action featured the Hawks tussling with the Demons and the Wildcats taking on the Bobcats.

Two games will be held every Thursday night during the seven-week circuit.

Matean Courtmen Meet Toughest Foes

College of San Mateo plays two of its toughest basketball foes in the next few days: Stockton College there this Friday evening, and Sacramento Junior College there Tuesday. As of Monday the Mateans had a record of eight wins to two losses, with Center Jack Allain still proving to be the leader in scoring.

Following the two games mentioned, the Mateans will have nine more tilts before the season ends February 25. All of these games are against Big Eight conference opponents. San Mateo won its first two conference games.

Mrs. Taylor checked and found his San Francisco office phone had been disconnected, leaving rent unpaid. Next she called the Salt Lake City operator to discover that the address given her by Moulton was false. Police are investigating.

"Moon Is Blue" Will Return To Curran Theatre

On still another transcontinental tour and representing the sixth different company to be assembled, "The Moon Is Blue," F. Hugh Herbert's comedy hit which scored for 16 weeks on Broadway and 63 weeks in Chicago, will be offered here for the third time in its stage version at the Curran Theatre beginning January 20.

Performances will be nightly at 8:30 with the exception of two performances at 7 and 9:40 on Friday, January 21 and every Saturday.

Jerome Cowan, reclaimed by Broadway for "Mv 3 Angels" after 15 years in the Hollywood marts, is featured as the unprincipled libertine as created on the New York stage by Donald Cook and on the stage and screen here by David Niven.

It is Mr. Cowan's first appearance on tour since he cavorted in the Clifton Webb role in the musical success, "As Thousands Cheer," exactly 20 years ago.

Martha Randall plays the part of the heroine with the devastating candor, and Wayne Carson is the smitten young architect.

Like "Kiss and Tell" and "For Love or Money," Herbert's two previous hits, "The Moon Is Blue" is concerned with the plights and panics of a 21-year-old girl, daughter of a tough cop who is alternately fascinated and repelled by thoughts of sex and love.

The play, produced by Jody Associates, has been staged, amid Stewart Chaney's attractive settings, by John Holden.

Indian Cagers Tangle With Tough Cap Club

Protecting a perfect record (1-0) in Peninsula Athletic league play, Jefferson High school varsity basketball team takes the road to Millbrae Tuesday night to face a Capuchino Mustang team that has been billed as the league's best.

The Capuchino crew proved their mettle in Friday night's league opener, as they turned back a well-regarded San Mateo five. Jefferson, like-wise, was victorious in their Friday night debut but it was against a Half Moon Bay team that doesn't quite measure up to the PAL'S class this year.

Reserves See Action

Coach Mike Orlich let his second team do a good share of the work Friday at the Daly City pavilion, as the Indians rolled to a 61-40 victory over Half Moon Bay.

Al Figone, setting and firing, tanked 17 points to rank high for the evening, followed by Al Lagomarsino, who drove in under the bucket after keenly-executed plays to pot 14 markers.

The Jefferson quintet powered to a 38-17 half-time lead, then coasted through the remainder of the game and still equalled the Half Moon Bay point total.

The Jeffs alternated between zone defense and loose man to man, stymieing the HMB attack. Orlich concentrated mainly on his play-making, polishing up for Tuesday's encounter.

The local 30s had it easy for three quarters, then relinquished their 39-13 third-quarter margin in the late minutes while the reserves were on the floor. Final score was 44-37, Jeff's advantage.

Gonzales High

Rich Gonzales, play-maker and defensive man extraordinary, racked up high points honors for Jeff with 20 markers. Twelve of these came in the third quarter.

Half Moon Bay's Bob Gaines, laying in wait under the bucket for tip-in opportunities, totalled 22 points for the night.

In Tuesday's action against Balboa, the Jefferson varsity's jinx held true, as they were downed, 42-36, by the Bucs. The local unlimiteds, in seven outings against San Francisco AAA competition, have yet to win a game.

The Indians gained a 17-17 half-time tie but gradually fell behind in the second half, mostly because of inaccurate shooting.

Figone again led the varsity, tanking nine points, followed closely by Babe Anguillo with eight.

New Talent

Jeff's Stan Freman, a transfer from Sacred Heart, entering the game in the second half, displayed talent that may win him a post on the first team. Freman could only hit for four points as the Buc team had the key to defending his shots, but his floor play was sparkling.

The Daly City 30s suffered a 42-40 setback at the hands of the Bucs. Half-time score was 23-19, Balboa favor.

The Indians outscored the Bucs in the last half but couldn't squeeze out the other bucket in the final minutes.

Larry Kennedy meshed 16 points for the losers, as he was fed by Gonzales. The latter again displayed exceptional floor play. Larry Pottenger was second high with nine tallies.

This marked the third encounter between the two lightweight teams, with the Jeff victorious on all three.

Next Tuesday's Capuchino contests will open at 3:15 p.m. with the lightweight game.

FACULTY "OLD MEN" TRIM HI SCHOOLERS

The "bearded ancients" of the Jefferson High school faculty apparently dipped from the fountain of youth Wednesday night as they surprised and stunned the young high school varsity team with a 67-50 drubbing at the local gym.

Still fresh after the lapping of the varsity club, the faculty "iron men" went on in the evening's nightcap and "rude" to victory over the Daly City Colma Lions, 26-20, in a donkey basketball game.

In the conventional cage contest, the "professors" showed too much class and stamina for the high school club, compiling a 39-20 half-time lead before the preps could catch their wind.

Paced By Collegians

A pair of ex-college stars, Jack Williamson of Fresno State and Byron Van Alstyne, a product of the USC casaba factory, scored nearly enough points between them to beat the varsity. Williamson totalled 25 markers on nine field goals, seven free throws, while Van Alstyne's nine field goals and two charity tosses gave him 20 tallies. Tony Giammona added to the faculty cause with 16 points.

The victory gave the "old men" revenge after being clobbered by the younger generation last year. Playing with only six men, the faculty out-hustled a Jefferson team that alternately sent in fresh platoons to wear down their elders.

Lions Out-Donkeyed

The donkey game found the undermanned Lions club worn to a frazzle in the waning minutes and calling for fresh recruits from the high school ranks.

Lions Mel Battye led his cause with six points, tying for high points honors with the faculty's Williamson and Joe McGrath. Delmar Scott and Ray Lippert were summoned in the last half to do battle for the Lions, hitting six and four points respectively, exactly half of the service club's total.

Coach Mike Orlich, hitting two points, spent most of the time on the sidelines with facultymen John Mongan and Glenn South, waiting to see the teachers' cause if they fell behind.

Scoring totals for the first game were as follows:

Faculty—McGrath, 3; Giammona, 16; Williamson, 25; Van Alstyne, 20; Martin, 0; Simon, 3. Varsity—Lagomarsino, 6; Anguillo, 2; Yates, 6; Figone, 6; Duncan, 6; Hopman, 6; Freman, 5; Rodriguez, 4.

Donkey game individual scoring: Faculty—Rosendahl, 2; Felice, 4; Van Alstyne, 4; Giammona, 2; Martin, 0; McGrath, 6; Orlich, 2; Williamson, 6.

Lions—Battye, 6; Arneson, 2; Rector, 2; Fontana, 0; Hildebrand, 0; Lippert, 4; Scott, 6.
